A woman with long dark hair is shown from the waist up, wearing a vibrant red V-neck sweater with a ribbed texture and tan-colored trousers. She is looking off to the side with a neutral expression. The background is a plain, light-colored wall.

WOMAN COLLECTION
A/W 24-25

Welcome to Aymara !

At Aymara, we create feel good knits made of the finest alpaca fibers

HOW IT STARTED

Aymara is the result of the love story between a Belgian engineer, Sven Van Gucht, who met Yannina Esquivias, a young Peruvian travel agent, during a sabbatical year and fell in love. Yannina and Sven quit their jobs and started a knitting factory in Peru together with Yannina's family. In 2007, the knitwear label Aymara was born. The name Aymara refers to a native ethnic group in the Andes of South America.

THE MAGIC

The magic of Aymara lies in the combination of Belgian design and Peru's extraordinary fibers and textile craftsmanship. Aymara's knitwear is produced in our own knitting factory in Arequipa, in the south of Peru.

THE FINEST MATERIALS - BABY ALPACA

Excellent natural fibers play a key role and are the starting point of each Aymara design. In the autumn winter collection, our garments are made of the softest alpaca blends. Alpaca is a cousin of the llama and is prized for its thermal properties, silkiness and durability. Alpaca is a fiber which does not come at the expense of the environment. Alpacas graze at elevations of 3500 to 5000 meters in the Peruvian Andes mountains. Aymara only uses the finest alpaca fibers, called baby alpaca.

QUALITY...OUR RAISON D'ÊTRE

Striving to make the best possible quality knitwear is one of the reasons we got into business.

AUTHENTIC

We believe that in today's world of fast fashion and mass consumption, a growing number of people is looking for authentic products with a soul. When buying Aymara, you are sure to get longlasting, sustainable products with an extraordinary story.

Join us on our journey and become part of the Aymara family of resellers around the world ! We invite you to discover our next A/W24-25 collection !
